Items of Interest Pertaining to the Livestock Industry of Arizona, Market Letter for the Past Week.

KANSAS CITY Stock Yards, Sept. 2.—Cattle receipts today were 29,000 head, market steady on killing steers, nothing prime offered, 10 to 25 higher on stockers and feeders. Hog supply was 9000, market 10 to 15 higher, top \$20.25. Sheep and lamb receipts were 7000 market steady to 10 lower, best western lambs \$17.65.

BEEF CATTLE

Packers took their time in getting into the yards this morning because killing gangs were celebrating Labor Day and there was no rush to get stuff to the packing houses. As a rule, killing gangs work only in the afternoon on Mondays so that the fact that today was a holiday had no adverse bearing on the market prices, merely giving buyers more time in which to get a supply of stock to packing houses ready for Tuesday's killing. Outside order buyers were in the saddle early and packers' offered but they are quotable up to \$18.50, last insertion October 26.

The fine quality and pack of the Salt River Valley cantaloupes this year has been a matter of comment by many, according to the Government Market Agents. 1150 carloads were shipped from Maricopa County, giving an average of 268 crates per acre, as compared with 180 crates in former years. The railroad and refrigerator service were satisfactory, and the prices good.

which price was realized here last week. Weighty grass steers sell up to \$27.00, or a little better, middle weights \$12.50 to \$15.50, light steers \$9 to \$12, good southerners \$6.50 to \$7.25, veal calves \$10 to \$13.50. Local slaughter last week was 46000 cattle, and the steer market closed 25 higher for the week, cows steady, canners strong, calves 50 lower. Bulk of receipts today was from Kansas and Oklahoma with liberal shipments from Texas, Arizona and Oregon.

STOCKERS AND FEEDERS
Plain steer stock closed last week lower, other grades steady, feeders firm. Recent rains have helped the situation, and the sales today are 10 to 25 higher, feeders at \$10.50 to \$16, stockers \$7.50 to \$12.50, stock cows and heifers \$7.25 to \$10.50, stock calves \$8 to \$12.25.

HOGS
Order buyers purchased more than 12000 hogs here last week and were

the chief cause of the advance of 50 to 75 cents in the market during the week. They bought so many hogs today at 10 to 25 higher prices, paying up to \$20.25 that packers had to abandon their early higher prices, and get in line with the order buyers paying up to \$20.15. Bulk of sales ranged from \$19.25 to \$20.10. Pigs sold 25 to 50 higher today, following the biggest stock pig business in the history of the market, last week about 5000 pigs going out. Sales today were at \$16.50 to \$18.00.

SHEEP AND LAMBS
Good western lambs sold at \$17.65 today, choice ones worth 10 to 15 cents more, plain native lambs \$16.75, various lots of choice western feeding lambs recently arrived \$17.75, a big shipment of 44 lb. Texas feeding lambs today at \$17.25. Fat wethers sold today up to \$13.25, fat ewes worth \$10 to \$12.25, breeders \$14 to \$17, exceptions higher, feeding ewes \$7 to \$9.

Keep Paul C Thorne In Office

Paul C. Thorne was appointed Superior Judge of Mohave County by Governor Hunt in January last, to succeed Judge John A. Ellis, whose resignation took effect February 1, 1918, and during the months since Judge Thorne took office there have been many cases of importance tried before him. It speaks well of the fairness and impartiality of his rulings when it is known there has not been an appeal from any ruling or decision made by him.

The most important office in the gift of the people of Mohave County is the office of Judge of the Superior Court. In order to properly fill this office one must have a thorough knowledge of the law and be a man with a fair open mind—not given to prejudice or impartiality. Judge Thorne has shown himself to possess these qualities.

It has been the aim of the people to keep the office of Judge free from partisanship, and it has also been the policy not to change Judges unless for good cause shown. In this instance, no cause for a change has been shown; but, on the contrary, Judge Thorne has, by the conduct of the duties of the office, shown himself to possess those attributes which go to make a real Judge. Under the circumstances, we think it would be exceedingly unwise to make a change. We elect a man Judge because of our belief that he will perform the duties of such office in a fair and impartial manner, according to the law and evidence. Every one who has had any business in the Superior Court during Judge Thorne's incumbency states that such has been the conduct of the business before that Court.

Is there any reason why the people of Mohave County should change—why a man who is known to have made good should be replaced by one whose qualifications are unknown—who has not been tried? It is no reflection upon the man who seeks to succeed a Judge who is known to have made good to be refused the support of the voters of the County. It is to the utmost interest of every person impartiality of his rulings when it is known there has not that Judge Thorne be retained as Judge of the Superior Court of Mohave County.

Paul C. Thorne Club
